own Power Project.*

...KINTECH

ACCREDITED KEY FOR RENEWABLES

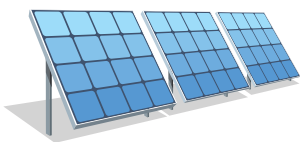

EPC BUSINESS - WIND & SOLAR

One of the leading Developer with expertise from Concept to Commissioning of wind farm

- Power evacuation approval from State Utilities.
- Site selection and land acquisition.
- Design, construction, testing & Commissioning of Power evacuation System up to 220 KV Level.
- Project approval from concerned State Nodal agency.
- Foundation of Wind Turbines up to Mega Watt class Turbine.
- Erection and commissioning of Wind turbines up to 2.1 MW capacity
- Coordination with respective State Authority for Power Purchase Agreement.

Kintech Synergy provides turnkey innovative solar energy solutions from concept to commissioning of solar parks.

- **Project development and Execution** - Having an experienced team of management and project execution, KSPL has a track record in conceptuality, execution and commissioning projects way ahead of scheduled time.
- Solar PV innovative solutions for maximized returns in terms of maximum utilization of space available and solar PV infrastructure
- **Profound Teamwork** - With in-house Solar EPC capabilities and varied technical knowledge, Kintech has advantages in the solar business.
- **Cost leadership** - Competence in building robust house design, engineering and procurement capabilities, enables the company to be one of the lowest cost generator.
- **Renewable energy diverse mix** - Having a strong presence in the Wind Power domain and Operation & Maintenance of various wind parks in India, we have very strong business acumen in the Renewable Energy.
- **Operation and Asset Management** - Preventive maintenance, Corrective maintenance & Condition based monitoring.

SERVICE IS OUR CREED

Windfarm, Operation & Maintenance as an Independent Service Provider

- Managing O & M Sub-MW class Wind Turbines of NEPC, GWL and Elecon make since last two decades (for entire life Cycle of WTGs).
- Operation & Maintenance of more than 1000 MW BOP for different OEMs.
- O & M of 66KV, 132KV & 220 KV Windfarm Substation.
- O & M of 66 KV & 220KV GETCO 125 nos. of GETCO Substations.
- Kintech Global Services Private Limited a 100% Subsidiary Company of Kintech Synergy Private Limited, having a Focused Windfarm maintenance business as an Independent Service Provider. (ISP)
- Kintech is awakened to execute O&M of MW Class for the life cycle of WTG assets.

CONNECTED 
WIND SERVICES

Owning more than 250 experienced / skillful engineering technocrats on field, MW class with maintenance, we tied up with one of the leading Independent Service Provider **CONNECTED WIND SERVICES (CWS)** Denmark, who will provide Spares and Technical Support to maintain MW class Wind Turbines independently for Pan India territory on exclusive basis.

Kintech Synergy Private Limited
